Due by March 31, 2009

This form is for the purpose of annual reporting on activities undertaken pursuant to the Municipal Separate Storm Sewer System (MS4) General Permit No. WI-S050075-1. An owner or operator of a municipal separate storm sewer system covered by the general permit under Chapter NR 216, Wis. Adm. Code, is required to submit an annual report to the Department of Natural Resources by March 31 of each year to report on activities for the previous calendar year. A municipality that received its initial permit coverage in 2006 needs only to report on activities undertaken in calendar year 2008. A municipality that received its initial permit coverage in 2007 needs to report on activities undertaken in both calendar years 2007 and 2008.

Use of this specific form is optional. The Department of Natural Resources has created this form for the user's convenience and believes that the information requested on this form meets the reporting requirements for an owner or operator of a municipal separate storm sewer system covered by the general permit.

Instructions: Complete each section of the form that follows. If additional space is needed to respond to a question, attach additional pages. Provide descriptions that explain the program actions taken to-date to comply with the general permit. Complete and submit the annual report by March 31, 2009, to the appropriate address indicated on the last page of this form.

SECTION IV. General Information

a. Describe what efforts the municipality has undertaken to invite the municipal governing body, interest groups, and the general public to review and comment on the annual report.

The Town is part of a Consortium including the Towns of Beloit, Harmony, Janesville, Rock, and Turtle, that have undertaken the process to meet the requirements of the individual WPDES permits. The towns have developed a stormwater management plan and implementation plan. Meetings have been posted and are open to members of the public. The Town has signed on with a new consortium of eleven other municipalities to contract with an individual or firm to develop a public education and outreach plan.

b. Describe how elected and municipal officials and appropriate staff have been kept apprised of the municipal storm water discharge permit and its requirements.

The Town representatives met with Montgomery Associates for regular project updates and for the opportunity to provide input to the plans during plan development.

c. Has the municipality prepared its own municipal-wide storm water management plan? Yes No

If yes, title and date of storm water management plan:

Rock Co. Towns Consortium Stormwater Management Plan: Towns of Beloit, Harmony, Janesville, Rock, and Turtle

d. Has the municipality entered into a written agreement with another municipality or a contract with another entity to perform one or more of the conditions of the general permit as provided under Section 2.10 of the general permit? Yes No

If yes, describe these cooperative efforts:

Cooperating with Rock County and the Towns of Beloit, Harmony, Janesville, Rock and Turtle to complete the mapping, illicit discharge detection, water quality analysis, and public information and public involvement programs as required by WPDES permit. It is anticipated that each town will be covered under the illicit discharge detection and enforcement ordinance drafted by Rock County. The Towns are also working with the County to provide electronic links to public information/education programs on the Town/County websites.

e. Does the municipality have an internet website? Yes No

If yes, provide web address:

www.townofharmony.com

If the municipality has an internet website, is there current information about or links provided to the MS4 general permit and/or the municipality's storm water management program? Yes No

If yes, provide web address:
www.townofharmony.com

Link provided to the Rock County Storm water ordinance:

SECTION V. Permit Conditions

a. Minimum Control Measures: For each of the permit conditions listed below, provide a description of the status of implementation of program elements, the status of meeting measurable goals, and compliance with permit schedule in section 3 of the MS4 general permit. Be specific in describing the actions that have been taken during the reporting year to implement each permit condition and whether measurable goals have been met, including any data collected to document a measurable goal. Also, explain the reasons for any variations from the compliance schedule in the MS4 general permit.

- Public Education and Outreach

The town has a binder with educational materials with information on best stormwater management practices for use in town newsletters and for posting at the Town Hall. Information included on spill prevention, homeowner good housekeeping practices and educational materials on water quality. The Town frequently has brochures available at the Town Hall on topics including composting, leaf collection, hazardous material disposal, and others with the potential to affect water quality.

Montgomery Associates is currently preparing a presentation that will be delivered to the public at the Town Annual Meeting to educate the public on stormwater evaluation and mapping as well as other issues impacted by the Town's MS4 Permit.

- Public Involvement and Participation

The town will also use consultant services to develop a public involvement and participation plan as required by the WPDES permit.

It is anticipated that the Town will use informational materials as part of their public involvement program. Local organizations take part in waterway and roadside clean-ups currently. In addition, information will be made available to the public for activities in the Cities of Janesville and Beloit, as well as Rock County. The Towns have also been made aware of the Citizen Monitoring efforts underway by the Rock River Coalition.

- Illicit Discharge Detection and Elimination

Preliminary illicit discharge detection has been completed. Outfalls have been inspected, with a plan for annual inspections by town personnel or county public works employees. The Town has submitted a proposed ordinance for approval.

- Construction Site Pollutant Control

The Town of Harmony is covered under Rock County's construction site pollution control ordinance that is in compliance with NR 151. A copy of the ordinance has been provided to Laura Bub of WDNR SCR under separate cover.

- Post-Construction Storm Water Management

The Town of Harmony is covered under Rock County's post-construction construction stormwater management ordinance that is in compliance with NR 151. A copy of the ordinance has been provided to Laura Bub of WDNR SCR under separate cover.

- Pollution Prevention

No facilities are located within the Town's MS4 Permit Coverage area that require a pollution prevention program.
